Joyce Honda has been servicing our community for over 50 years! Come find out why we have "The Family Reputation You Can Trust!"

Joyce Honda is owned and operated by the Grecco family. In 2014, Jim Grecco celebrates 50 years in the automobile business in Morris County and a grand total of 60 years in the automobile business including his 10 years prior to buying his first dealership. Jim had many years of success with independent Ford dealerships before becoming one of the nation's youngest dealer principals and buying his own Lincoln Mercury (LM) dealership in 1964. Many of you may remember Grecco Lincoln-Mercury. It wasn't long after 1964 that Grecco Lincoln Mercury outgrew its relatively small facility on Rt. 46 in Dover and Jim purchased a piece of property on quiet Rt 10 that was currently hosting a fruit and vegetable stand. Opening in 1971 as one of the first auto dealerships on Rt 10, the landscape of Rt 10 in Morris County was changed forever. Grecco LM was now on the map as a nationwide top seller of LM products.
